☐ OTHER (SPECIFY)

(Record of item checked above)

TO:
SANDY CRYSTALL (WH-627)

FROM:
DAVID COOK (6H-ES)

DATE
8/17/87

TIME
2:00 P.M.

SUBJECT
FANSTEEL METALS ELEGIBILITY TO BE CONSIDERED FOR THE NPL.

SUMMARY OF COMMUNICATION

FANSTEEL PROCESSES RADIOACTIVE ORE AND IS CURRENTLY REGULATED BY THE NUCLEAR REGULATORY COMMISSION; HOWEVER, THEY HAVE CONTAMINATED NEARBY GROUND AND SURFACE WATER WITH CONTAMINANTS OTHER THAN RADIOACTIVE ONES. I CALLED MS. CRYSTAL TO INQUIRE AS TO WHETHER THIS SITE COULD BE CONSIDERED AS A CANDIDATE FOR THE NPL DESPITE THEIR STATUS AS A PROCESSOR OF RADIOACTIVE SOURCE MATERIAL. SHE WASN'T SURE AND SAID SHE WOULD REFER THIS QUESTION TO MITRE FOR AN INVESTIGATION/ DETERMINATION. I REQUESTED THAT SHE SEND ME A COPY OF ANY CORRESPONDENCE W/ MITRE REGARDING THIS MATTER.

CONCLUSIONS, ACTION TAKEN OR REQUIRED

I WILL AWAIT WORD FROM SANDY C., IF IT IS DETERMINED THAT FANSTEEL CAN BE CONSIDERED FOR THE NPL, THE ATTACHED TENTATIVE DISPOSITION AND FIT TASK REQUEST COULD BE USED.
